

Class of 2019

We are delighted that 80% of our students achieved places at Russell Group universities including ten places at Oxford and Cambridge.

The five most popular university destinations were Nottingham, Birmingham, Bath, Oxford and Manchester. With national shortages in engineering, we are delighted that ten students have been accepted on a range of engineering courses at top universities. Other popular course choices include: History, Economics, Geography and Psychology. Two students achieved Art Foundation places at St Martin's and Camberwell whilst two have places at medical school.

Bath
